Re: ESB Submission to Material Alterations to Proposed Variation No. 1 of the Leitrim County Development Plan 2023–2029.

A Chara,

Electricity Supply Board (ESB), 27 Lower Fitzwilliam Street, Dublin 2, welcomes this opportunity to make a submission to the Material Alterations of the Proposed Variation No. 1 of the Leitrim County Development Plan 2023–2029.

While this submission addresses solely the Proposed Material Alterations, it should be considered within the broader context of our prior submission (Ref: VAR-SUB-01-20) to Proposed Variation No. 1 of the Leitrim County Development Plan 2023–2029. ESB's detailed submission, submitted on 13th May 2026, was formally acknowledged and assigned the reference number above.

ESB having reviewed the Chief Executive's response to ESB's submission, notes that no amendment to the proposed variation was recommended, however ESB welcomes the acknowledgment of the importance of upgrading and expanding the electricity network and the commitment for continued opportunities to collaborate with Leitrim County Council to proactively ensure the timely delivery of essential electricity infrastructure.

ESB remains committed to working collaboratively with Leitrim County Council and other stakeholders to support the delivery of sustainable growth in the County and would welcome the opportunity to engage further in relation to infrastructure planning, network capacity and development sequencing as the Variation is implemented.

If we can be of any further assistance, please do not hesitate in contacting the undersigned.

Yours sincerely,

Brid Reardon | Spatial Planner | Group Property | Engineering & Major Projects | ESB
