Comhairle Chontae Liatroma | Leitrim County Council	Leitrim County Council Planning Report
Reference No:	**ED 26-37**
Applicant:	**Louise & Caillin Wrynn**
Location:	**Dunavinally, Gorvagh, Co. Leitrim, N41 H674**
Application Type:	**Declaration under Section 5 of the Planning and Development Act 2000, as amended.**
Proposal:	**Declaration under Section 5 of the Planning and Development Act 2000, as amended, as to whether the replacement of an existing extension (less than 40 sqm) is or is not exempted development.**
Date of Site Inspection:	**12/06/2026**
Due Date:	**08/07/2026**

Introduction

This is a request for a Declaration under Part 1, Section 5 of the Planning and Development Act 2000, as amended, as to whether the construction of a replacement extension no greater than 40sqm in floorspace to the rear of the building, is or is not exempted development at Dunavinally, Gorvagh, Co. Leitrim N41 H674.

This subject request for a declaration under Section 5 of the Planning and Development Act 2000, as amended, was received by the Planning Authority on the 11th of June 2026.

Site Location and Context

The subject site is located in the townland of Dunavinally, circa 2.38km northeast of Garvagh. The subject site is accessed off of a private road that connects to the L-5515 – Local Secondary Road. The subject site comprises of an old single storey dwelling, with farm buildings to the rear of the property. The existing dwelling has a roof and four exterior walls. The building appears not to be in use. Pictures of the existing building are overleaf.

Fig. 1: Front elevation

Fig. 2. East elevation

Fig. 3. Rear of the property

Fig. 4. Side elevation - west

The nearest Natura 2000 site is Cuilcagh - Anierin Uplands Special Area of Conservation (SAC Site Code: 000584) which is located approximately 13.28 km northeast of the subject site. The nearest proposed Natural Heritage Area (pNHA) is Lough Sallagh (pHNA Site Code: 001808) which is located circa 9.26 km south of the subject site.

Planning History

P.2339: In March 1973, planning permission was granted to construct a dwellinghouse and to install a septic tank at Sallyfield, Corvagh.

The Site Location Map and Site Layout Map submitted with this planning application are overleaf. Please note, I was unable to find elevation drawings submitted with this planning applciation.

Relevant Legislation

Planning and Development Act, 2000 (as amended)

Section 2 Interpretation

Section 2(1) of the Planning and Development Act, 2000 (as amended) provides an interpretation of *'works'* as including *'any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal...'.*

Section 3 Development

Section 3 (1) In this Act *'development' means, except where the context otherwise requires, the carrying out of any works on, in, or under land or the making of any material change in the use of any structures or other land.*

Section 4 Exempted Development

Section 4 (1) The following shall be exempted developments for the purposes of this Act:

- *(a) development consisting of the use of any land for the purpose of agriculture and development consisting of the use for that purpose of any building occupied with land so used;*
- *(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;*
- *(j) development consisting of the use of any structure or other land within the curtilage of a house for any purpose incidental to the enjoyment of the house as such;*

S.4 (2) (a) The Minister may by regulations provide for any class of development to be exempted development for the purposes of this Act where he or she is of the opinion that—

(i) by reason of the size, nature or limited effect on its surroundings, of development belonging to that class, the carrying out of such development would not offend against principles of proper planning and sustainable development, or

(ii) the development is authorised, or is required to be authorised, by or under any enactment (whether the authorisation takes the form of the grant of a licence, consent, approval or any other type of authorisation) where the enactment concerned requires there to be consultation (howsoever described) with members of the public in relation to the proposed development prior to the granting of the authorisation (howsoever described).

(b) Regulations under paragraph (a) may be subject to conditions and be of general application or apply to such area or place as may be specified in the regulations.

(c) Regulations under this subsection may, in particular and without prejudice to the generality of paragraph (a), provide, in the case of structures or other land used for a purpose of any specified class, for the use thereof for any other purpose being exempted development for the purposes of this Act.
S.3 (a) A reference in this Act to exempted development shall be construed as a reference to development which is
(a) any of the development specified in subsection (1), or
(b) development which, having regard to any regulations under subsection (2), is exempted development for the purposes of this Act.

S.4 The Minister may, in connection with the Council Directive, prescribe development or classes of development which, notwithstanding subsection
(1)(a), shall not be exempted development.

S.5 Before making regulations under this section, the Minister shall consult with any other State authority where he or she or that other State authority considers that any such regulation relates to the functions of that State authority.

Planning and Development Regulations, 2001 (as amended)

***Article 6(1)** of the Planning and Development Regulations 2001, as amended, states that:*

Subject to Article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.
Article 9(1) of the Planning and Development Regulations 2001, as amended, identifies restrictions on exemptions. Of relevance in this case would be the following:

(a) if the carrying out of such development would –

(i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act

(iii) endanger public safety by reason of traffic hazard or obstruction or road users

(vi) interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.
(vii) consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or local area plan or the draft development plan or draft local area plan,

(viiA) consist of or compromise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12 (1) of the national Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under 26 of the National Monuments Act 1930 (No.2 of 1930) as amended.

(viii) consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,

Class 1 of Schedule 2 Part 1 of *Exempted Development – General* allows for the following exemption subject to conditions and limitations as set out in column 2;

Description of Development:
Development within the curtilage of a house
CLASS 1 The extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house.

Conditions and Limitations:
1. (a) Where the house has not been extended previously, the floor area of any such extension shall not exceed 40 square metres.

(b) Subject to paragraph (a), where the house is terraced or semi-detached, the floor area of any extension above ground level shall not exceed 12 square metres.

(c) Subject to paragraph (a), where the house is detached, the floor area of any extension above ground level shall not exceed 20 square metres.

2. (a) Where the house has been extended previously, the floor area of any such extension, taken together with the floor area of any previous extension or extensions constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 40 square metres.

(b) Subject to paragraph (a), where the house is terraced or semi-detached and has been extended previously, the floor area of any extension above ground level taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 12 square metres.

(c) Subject to paragraph (a), where the house is detached and has been extended previously, the floor area of any extension above ground level, taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 20 square metres.

3. Any above ground floor extension shall be a distance of not less than 2 metres from any party boundary.

4. (a) Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.
(b) Where the rear wall of the house includes a gable, the height of the walls of any such extension shall not exceed the height of the side walls of the house.
(c) The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate, or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.

5. The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.

6. (a) Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.

(b) Any window proposed above ground level in any such extension shall not be less than 11 metres from the boundary it faces.

(c) Where the house is detached and the floor area of the extension above ground level exceeds 12 square metres, any window proposed at above ground level shall not be less than 11 metres from the boundary it faces.

7. The roof of any extension shall not be used as a balcony or roof garden.

Item (b) of Class 50 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, allows for the *"demolition of part of a habitable house in connection with the provision of an extension or porch in accordance with Class 1 or 7, respectively, of this Part of this Schedule or in accordance with a permission for an extension or porch under the Act".*

Assessment

Referral Question

Having carried out a site inspection and reviewed all of the documents relating to this referral, I consider the question to be based simply on whether the demolition of an existing rear extension and the construction of a replacement extension no greater than 40sqm in floorspace to the rear of the dwelling at Dunavinally, Gorvagh, Co. Leitrim, N41 H674 constitutes development and, if so, whether such development is or is not exempted development.

Is or is not development

In relation to whether the subject works are development, regard is had to Section 3(1) of the Planning and Development Act 2000, as amended, which defines 'development' as comprising of two possible components: *"the carrying out of any works on, in, over or under land"*, or *"the making of any material change in the use of any structures or other land"*.

Section 2(1) of the Act provides an interpretation of 'works' as *"the carrying out of any works on, in over, or under land"* including *"any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal..."*.

The issue of whether or not the subject works constitute development is not disputed. Having regard to the definition of "works" as set out in Section 2 of the Planning and Development Act 2000, as amended, it is clear that the works constitute development within the meaning of the Act.

Is or is not exempted development

The building appears to be currently uninhabited. It is proposed to replace the existing single storey extension.

With reference to whether the proposed replacement extension to the rear of the property under 40 sqm would constitute development, regard is had to item (b) of Class 50 and Class 1, and its associated conditions and limitations, of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, under which the proposed rear extension can be accommodated and would be deemed to be exempted development. It is noted that the submitted application documentation does not include any plans or elevations of the proposed rear extension. However, the submitted application form makes reference to the fact that the proposed rear extension will occupy the same footprint as the existing rear extension and will be under 40m^2.

Accordingly, any declaration issued should also be accompanied by the relevant conditions and limitations of Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, under which the proposed rear extension can be deemed to be exempted development.

Appropriate Assessment

The proposal has been assessed having regard to the requirements of the EU Habitats Directive. The proposed development has been screened for Appropriate Assessment (AA), and it has been determined that an AA is not required. See Appropriate Assessment (AA) screening report attached.

Environmental Impact Assessment

Having regard to the nature and scale of the proposed development and the fact that the development proposed is not of a development type or class set out in Part 1 and is sub-threshold of applicable development type/class set out in Part 2 of Schedule 5 of the Planning and Development Regulations 2001, as amended, it is

concluded that there is no real likelihood of significant effects on the environment arising from the proposed development having regard to the criteria set out in Schedule 7 to the Planning and Development Regulations 2001, as amended. It is therefore concluded that EIA is not required.

Recommendation

Having regard to the foregoing, I recommend that the Planning Authority issue the following Declaration under Section 5 of the Planning and Development Act 2000, as amended:

WHEREAS a question has arisen as to whether the demolition of an existing rear extension and the construction of a replacement extension no greater than 40sqm in floorspace to the rear of the dwelling at Dunavinally, Gorvagh, Co. Leitrim N41 H674, is or is not development and whether it is or is not exempted development;

AND WHEREAS the said question was referred to Leitrim County Council by Louise & Caillin Wrynn on the 11th of June 2026:

AND WHEREAS Leitrim County Council, in considering this referral, had regard particularly to –

(a) Sections 2(1), 3(1) and 4(1)(h) of the Planning and Development Act, 2000, as amended,
(b) Articles 6(1) and 9(1) of the Planning and Development Regulations 2001, as amended,
(c) Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended,
(d) Class 50 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, and
(e) the documentation submitted as part of the referral;

AND WHEREAS Leitrim County Council has concluded that:

(a) the demolition of the existing rear extension and the construction of a replacement extension no greater than 40sqm in floorspace to the rear of the dwelling constitutes development which is exempted development with the provisions of Class 1 and Class 50 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, applying in this instance.

NOW THEREFORE Leitrim County Council, in exercise of the powers conferred on it by Section 5(2)(a) of the 2000 Act, as amended, hereby declares that:

The proposed demolition of an existing rear extension and the construction of a replacement extension no greater than 40sqm in floorspace to the rear of the dwelling at Dunavinally, Gorvagh, Co. Leitrim N41 H674 is development that is exempted development subject to the following relevant, but not limited to, conditions and limitations associated with Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended:

- Where the house has not been extended previously, the floor area of any such extension shall not exceed 40 square metres.
- Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.
- The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate, or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.
- The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.
- Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.
- Any window proposed above ground level in any such extension shall not be less than 11 metres from the boundary it faces.
- The roof of any extension shall not be used as a balcony or roof garden.

Appropriate Assessment Screening and Determination

STEP 1. Description of the project/proposal and local site characteristics:

(a) File Reference No:	ED 26-37
(b) Brief description of the project or plan:	As per Section 5 report
(c) Brief description of site characteristics:	As per Section 5 report
(d) Relevant prescribed bodies consulted: e.g. DHLGH (NPWS), EPA, OPW	No
(e) Response to consultation:	N/A

STEP 2. Identification of relevant Natura 2000 sites using Source-Pathway-Receptor model and compilation of information on Qualifying Interests and conservation objectives.

European Site (code)	List of Qualifying Interest/Special Conservation Interest	Distance from proposed development (km)	Connections (Source- Pathway-Receptor)	Considered further in screening Y/N
Cuilcagh-Anierin Uplands SAC (000584)	https://www.npws.ie/protected-sites/sac/000584	13.24 km	None	No

STEP 3. Assessment of Likely Significant Effects

(a) Identify all **potential direct and indirect impacts that may have an effect on the conservation objectives of a European site, taking into account the size and scale of the project under the following headings:**

Impacts:	Possible Significance of Impacts: (duration/magnitude etc.)
Construction phase e.g. • Vegetation clearance • Demolition • Surface water runoff from soil excavation/infill/landscaping (including borrow pits) • Dust, noise, vibration • Lighting disturbance • Impact on groundwater/dewatering • Storage of excavated/construction materials • Access to site • Pests	No significant potential impacts.
Operational phase e.g. • Direct emission to air and water • Surface water runoff containing contaminant or sediment • Lighting disturbance • Noise/vibration • Changes to water/groundwater due to drainage or abstraction • Presence of people, vehicles and activities • Physical presence of structures (e.g. collision risks)	No significant potential impacts.

• Potential for accidents or incidents	
In-combination/Other	No significant potential impacts.
(b) Describe any likely changes to the European site:	
• Examples of the type of changes to give consideration to include: • Reduction or fragmentation of habitat area • Disturbance to QI species • Habitat or species fragmentation • Reduction or fragmentation in species density • Changes in key indicators of conservation status value (water or air quality etc.) • Changes to areas of sensitivity or threats to QI • Interference with the key relationships that define the structure or ecological function of the site	No significant potential impacts.
(c) Are *'mitigation'* measures necessary to reach a conclusion that likely significant effects can be ruled out at screening? ☐ Yes ☒ No	

Step 4. Screening Determination Statement

The assessment of significance of effects:

Describe how the proposed development (alone or in-combination) is/is **not likely** to have **significant** effects on European site(s) in view of its conservation objectives.

Having regard to the information on file, the nature and scale of the proposed development, its distance from European sites, the lack of direct connections with regard to the Source-Pathway-Receptor model, it is concluded that the proposed development, either alone or in-combination with other developments, is not likely to have any significant effects on any European site in view of its conservation objectives.

Conclusion:

	Tick as Appropriate:	**Recommendation:**
(i) It is clear that there is **no likelihood** of significant effects on a European site.	☒	The proposal can be screened out: Appropriate assessment not required.
(ii) It is **uncertain** whether the proposal will have a significant effect on a European site.	☐	☐ Request further information to complete screening ☐ Request NIS ☐ Refuse planning permission
(iii) **Significant effects** are likely.	☐	☐ Request NIS ☐ Refuse planning permission

Signature of Recommending Planner:		**Date:**	15/06/2026

Comhairle Chontae Liatroma | Leitrim County Council	**Environmental Impact Assessment (EIA) Pre-Screening**

Establishing if the proposal is a *'sub-threshold development'*

File Reference No:	**ED 26-37**
Development Summary:	As per Section 5 Report
Was a Screening Determination carried out under Section 176A-C?:	☐ Yes – No further action required ☒ No – Proceed to Part A

Part A - Schedule 5 Part 1 - Does the development comprise a project listed in Schedule 5, Part 1, of the Planning and Development Regulations 2001 (as amended)? (Tick as appropriate)

☐	Yes – specify class:	**EIA is mandatory** No screening required
☒	No	**Proceed to Part B**

Part B - Schedule 5 Part 2 - Does the development comprise a project listed in Schedule 5, Part 2, of the Planning and Development Regulations 2001 (as amended) and does it meet/exceed the thresholds? (Tick as appropriate)

☒	No, the development is not a project listed in Schedule 5, Part 2	**No screening required**
☐	Yes, the project is listed in Schedule 5, Part 2 **and** meets/exceeds the threshold, specify class (including threshold):	**EIA is mandatory** No screening required
☐	Yes, the project is of a type listed **but** is *sub-threshold*:	**Proceed to Part C**

Part C – If yes, has Schedule 7A information/screening report been submitted?

☐	Yes, Schedule 7A information/screening report has been submitted by the applicant	**Screening Determination required**
☒	No, Schedule 7A information/screening report has not been submitted by the applicant	**Preliminary Examination required**

EIA Preliminary Examination:
The Planning Authority shall carry out a preliminary examination of, at the least, the nature, size or location of the development.

	Comment:	**Yes/No/Uncertain:**
Nature of the development: *Is the nature of the proposed development exceptional in the context of the existing environment?*		No
Will the development result in the		No

production of any significant waste, or result in significant emissions or pollutants?		
Size of the development: Is the size of the proposed development exceptional in the context of the existing environment? Are there cumulative considerations having regard to other existing and/or permitted projects?		No
Location: Is *the proposed development located on, in, adjoining or does it have the potential to impact on an ecologically sensitive site or location?* *Does the proposed development have the potential to affect other significant environmental sensitivities in the area?*		No No

Preliminary Examination Conclusion:

Based on a preliminary examination of the nature, size or location of the development. (Tick as appropriate)

☐ There is **no real likelihood** of significant effects on the environment. EIA is not required.	☐ There is **real likelihood of** significant effects on the environment. An **EIAR is required.**	☐ There is **significant and realistic doubt** regarding the likelihood of significant effects on the environment. Request the applicant to submit **the Information specified in Schedule 7A** for the purposes of a screening determination. Proceed to Screening Determination.

Signature of Recommending Planner:		**Date:**	15/06/2026
