

Leitrim County Council Planning Report

Reference No:	ED-26-60
Applicant:	Cathal McGloin
Location:	Unshinagh, Kinlough, Co. Leitrim, F91 N8N1
Application Type:	Declaration under Section 5 of the Planning and Development Act 2000, as amended
Proposal:	The provision of a single storey extension to consist of masonry block kitchen and utility extension- overall internal dimensions of extension are 5.2x 7.4m (overall 38m²)
Date of Site Inspection:	24/08/2026
Due Date:	09/09/2026

Introduction

This is a request for a Declaration under Part 1, Section 5 of the Planning and Development Act 2000, as amended, as to whether the provision of a single storey extension to consist of masonry block kitchen and utility extension (overall internal dimensions of extension are 5.2mx 7.4m 38m²) to the rear of an existing dwelling at Unshinagh, Kinlough, Co. Leitrim, F91 N8N1 constitutes development and, if so, whether such development is or is not exempted development.

The proposed works which are the subject of this application are as follows: provision of a single storey extension to consist of masonry block kitchen and utility extension (overall internal dimensions of extension are 5.2mx 7.4m or 38m²).

This subject request for a declaration under Section 5 of the Planning and Development Act 2000, as amended, was received by the Planning Authority on the 13th of August 2026.

Site Location and Description

The subject site is located within the townland of Unshinagh, approximately 2.5km southwest of Kinlough Village. The eastern boundary runs along the R280 with the access opening onto L-20742. The site has an area of 0.42 ha and contains a dwelling house and detached garage.

Fig.1 Front elevation of existing dwelling

Fig. 2 Site Location

The nearest Natura 2000 site is Arroo Mountain SAC (Site Code: 001403) which is 2.7km east of the site, Lough Melvin Special Area of Conservation (SAC Site Code: 000428) which is located approximately 3.29km northeast of the subject site. There is no direct link to this SAC from the site and Donegal Bay SPA (Site Code: 004151) located approximately 3km southeast of the site.

The subject site is located within an AHVA- *B1 Farmed hinterland of Arroo and Tievebaun* as designated for amenity value in the Leitrim County Development Plan 2023-2029.

There are no protected structures or structures listed in the National Inventory of Architectural Heritage (NIAH) located within the application site. Similarly, there are no Recorded Monuments or Zones of Archaeological Notification coinciding with the application site.

Description of Existing Structures on Site

The subject dwelling is approximately 20 years old and unoccupied for a number of years. The subject dwelling is single storey in height with two smaller protruding areas at either side of the dwelling, housing a sunroom

and an ensuite. These were part of the design approved under planning permission P.03/1355 and not extensions to the dwelling.

Fig. 3 – Image of rear of subject dwelling, where the extension is currently under construction.

Planning History

The following history pertains to the subject site:

P.03/1355 Permission was granted to Hubert Mc Gloin for a dwellinghouse, septic tank and private garage on site. 02/04/2004.

Relevant Legislation

Planning and Development Act 2000, as amended

Section 2 Interpretation

Section 2(1) of the Planning and Development Act, 2000 (as amended) provides an interpretation of 'works' as including 'any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal...'. An "alteration" includes '...the replacement of a door, window or roof... that materially alters the external appearance of a structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures...'

Section 3 Development

Section 3(1) In this Act 'development' means, except where the context otherwise requires, the carrying out of any works on, in, or under land or the making of any material change in the use of any structures or other land.

Section 4 Exempted Development

Section 4(1) The following shall be exempted developments for the purposes of this Act—

(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures.

S.4 (2) (a) The Minister may by regulations provide for any class of development to be exempted development for the purposes of this Act where he or she is of the opinion that—

(i) by reason of the size, nature or limited effect on its surroundings, of development belonging to that class, the carrying out of such development would not offend against principles of proper planning and sustainable development, or

(ii) the development is authorised, or is required to be authorised, by or under any enactment (whether the authorisation takes the form of the grant of a licence, consent, approval or any other type of authorisation) where the enactment concerned requires there to be consultation (howsoever described) with members of the public in relation to the proposed development prior to the granting of the authorisation (howsoever described).

(b) Regulations under paragraph (a) may be subject to conditions and be of general application or apply to such area or place as may be specified in the regulations.

(c) Regulations under this subsection may, in particular and without prejudice to the generality of paragraph (a), provide, in the case of structures or other land used for a purpose of any specified class, for the use thereof for any other purpose being exempted development for the purposes of this Act.

Planning and Development Regulations 2001, as amended

Article 6(1) of the Planning and Development Regulations 2001, as amended, states that:

Subject to article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.

Article 9(1) of the Planning and Development Regulations 2001, as amended, identifies restrictions on exemptions. Of relevance in this case would be the following:

(a) if the carrying out of such development would –

(i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act

(iii) endanger public safety by reason of traffic hazard or obstruction or road users

(vi), interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.

Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, allows for the following exemption subject to conditions and limitations as set out in column 2:

Description of Development:

Development within the curtilage of a house

The extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house.

Conditions and Limitations:

1. (a) Where the house has not been extended previously, the floor area of any such extension shall not exceed 45 square metres.

(b) Subject to paragraph (a), where the house is terraced or semi-detached, the floor area of any extension above ground level shall not exceed 12 square metres.

(c) Subject to paragraph (a), where the house is detached, the floor area of any extension above ground level shall not exceed 20 square metres.

2. (a) Where the house has been extended previously, the floor area of any such extension, taken together with the floor area of any previous extension or extensions constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 45 square metres.
- (b) Subject to paragraph (a), where the house is terraced or semi-detached and has been extended previously, the floor area of any extension above ground level taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 12 square metres.
- (c) Subject to paragraph (a), where the house is detached and has been extended previously, the floor area of any extension above ground level, taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 20 square metres.
3. Any above ground floor extension shall be a distance of not less than 2 metres from any party boundary.
4. (a) Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.
- (b) Where the rear wall of the house includes a gable, the height of the walls of any such extension shall not exceed the height of the side walls of the house.
- (c) The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate, or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.
5. The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.
6. (a) Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.
- (b) Any window proposed above ground level in any such extension shall not be less than 8 metres from the boundary it faces.
- (c) Where the house is detached and the floor area of the extension above ground level exceeds 12 square metres, any window proposed at above ground level shall not be less than 8 metres from the boundary it faces.
7. The roof of any extension shall not be used as a balcony or roof garden.
8. This extension shall only be used on the principal house and not any additional detached house within the curtilage of the principle house.

Assessment

Proposed Development:

The proposed extension is for a flat roofed extension to the rear of the existing dwelling. Materials to match the existing structure, with a gross floor area of 38m². The proposed extension will house a kitchen area and utility room. The proposed extension is separated from the rear boundary by 7.5 metres. The proposed height is not given, however from the drawings the flat roofed extension is shown with a higher height than the rear wall and eaves of the building. Notwithstanding, it is noted that the element of the extension which extends beyond the height of the existing rear wall of the dwelling relates to a parapet associated with the flat roof of the proposed rear extension.

Fig.5 Proposed extension viewed from the side.

Fig.6 Subject extension under construction

Referral Question

Upon inspection of the submitted application documentation relating to this referral, it is considered that referral question is based simply on whether the proposed works comprising of the provision of a single storey extension to consist of masonry block kitchen and utility extension (overall internal dimensions of extension are 5.2mx 7.4m or 38m²) to the rear of an existing dwelling at Unshinagh, Kinlough, Co. Leitrim, F91 N8N1 is or is not development and whether it is or is not exempted development.

Is or is not development

In relation to whether the proposed works are development, regard is had to Section 3(1) of the Planning and Development Act 2000, as amended, which defines 'development' as comprising of two possible components: *"the carrying out of any works on, in, over or under land"*, or *"the making of any material change in the use of any structures or other land"*.

Section 2(1) of the Act provides an interpretation of 'works' as *"the carrying out of any works on, in over, or under land"* including *"any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal..."*.

The issue of whether or not the proposed works constitute development is not disputed. Having regard to the definition of "works" as set out in Section 2 of the Planning and Development Act 2000, as amended, it is clear that the works constitute development within the meaning of the Act.

Is or is not exempted development

In consideration of the proposed rear extension, the Planning Authority notes from the submitted application documentation that this element will comprise of a single storey extension with an overall floor area of 38 m², and from a visual inspection of the subject dwelling and site, there appears to be no evidence that the dwelling was previously extended, nor would the proposed rear extension be less than 2m from any party boundary or lead to a reduction in private open space serving the dwelling to less than 25m².

From the submitted drawings the proposed rear extension appears to be higher than the rear wall and eaves of the existing dwelling. In this regard, it is noted that the element of the extension which extends beyond the height of the existing rear wall of the dwelling relates to a parapet associated with the flat roof of the proposed rear extension. Accordingly, the proposal would appear to be in accordance with the conditions and limitations prescribed in 4 (a) and 4 (c) of Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended as follows:

4. (a) Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.

(c) The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate, or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.

Accordingly, it is considered that the proposed rear extension can be considered exempted development under the provisions of Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended.

Appropriate Assessment

The proposal has been assessed having regard to the requirements of the EU Habitats Directive. The proposed development has been screened for Appropriate Assessment (AA), and it has been determined that an AA is not required. See Appropriate Assessment (AA) screening report attached.

Environmental Impact Assessment

Having regard to the limited nature and scale of the proposed development and the fact that the development proposed is not of a development type or class set out in Part 1 or Part 2 of Schedule 5 of the Planning and Development Regulations 2001, as amended, it is concluded that there is no real likelihood of significant effects on the environment arising from the proposed development having regard to the criteria set out in Schedule 7 to the Planning and Development Regulations 2001, as amended. It is therefore concluded that EIA is not required.

Recommendation

Having regard to the foregoing, I recommend that the Planning Authority issue the following Declaration under Section 5 of the Planning and Development Act 2000, as amended:

WHEREAS a question has arisen as to whether the proposed works comprising of the provision of a single storey extension to consist of masonry block kitchen and utility extension (overall internal dimensions of extension are 5.2mx 7.4m or 38m²) to the rear of an existing dwelling at Unshinagh, Kinlough, Co. Leitrim, F91 N8N1 is or is not development and whether it is or is not exempted development.

AND WHEREAS the said question was referred to Leitrim County Council by Cathal Mc Gloin on the 13th August 2026;

AND WHEREAS Leitrim County Council, in considering this referral, had regard particularly to –

- (a) Sections 2(1), 3(1) and 4(1) of the Planning and Development Act, 2000, as amended,
- (b) Articles 6(1) and 9(1) of the Planning and Development Regulations 2001, as amended,
- (c) Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, and
- (d) the documentation submitted as part of the referral;

AND WHEREAS Leitrim County Council has concluded that:

the provision of a single storey extension to consist of masonry block kitchen and utility extension (overall internal dimensions of extension are 5.2mx 7.4m or 38m²) to the rear of an existing dwelling at Unshinagh, Kinlough, Co. Leitrim, F91 N8N1 is considered to be development and is also deemed to conform with the conditions and limitations prescribed in Class 1 of Part 1, Schedule 2 of the Planning and Development Regulations 2001, as amended, applying in this instance.

NOW THEREFORE Leitrim County Council, in exercise of the powers conferred on it by Section 5(2)(a) of the 2000 Act, as amended, hereby declares that:

The proposed works comprising of the provision of a single storey extension to consist of masonry block kitchen and utility extension (overall internal dimensions of extension are 5.2mx 7.4m or 38m²) to the rear of an existing dwelling at Unshinagh, Kinlough, Co. Leitrim, F91 N8N1 is considered to be development is exempted development.

Appropriate Assessment Screening and Determination

STEP 1. Description of the project/proposal and local site characteristics:

(a) File Reference No:	ED26-60
(b) Brief description of the project or plan:	As per planning report
(c) Brief description of site characteristics:	As per planning report
(d) Relevant prescribed bodies consulted: e.g. DHLGH (NPWS), EPA, OPW	No
(e) Response to consultation:	N/A

STEP 2. Identification of relevant Natura 2000 sites using Source-Pathway-Receptor model and compilation of information on Qualifying Interests and conservation objectives.

European Site (code)	List of Qualifying Interest/Special Conservation Interest	Distance from proposed development (km)	Connections (Source- Pathway- Receptor)	Considered further in screening Y/N
Arroo Mountain SAC (001403)	https://www.npws.ie/protected-sites/sac/001403	2.7km	None	No

STEP 3. Assessment of Likely Significant Effects

(a) Identify all potential direct and indirect impacts that may have an effect on the conservation objectives of a European site, taking into account the size and scale of the project under the following headings:

Impacts:	Possible Significance of Impacts: (duration/magnitude etc.)
Construction phase e.g. - Vegetation clearance - Demolition - Surface water runoff from soil excavation/infill/landscaping (including borrow pits) - Dust, noise, vibration - Lighting disturbance - Impact on groundwater/dewatering - Storage of excavated/construction materials - Access to site - Pests	No significant potential impacts.
Operational phase e.g. - Direct emission to air and water - Surface water runoff containing contaminant or sediment - Lighting disturbance - Noise/vibration - Changes to water/groundwater due to drainage or abstraction - Presence of people, vehicles and activities - Physical presence of structures (e.g. collision risks) - Potential for accidents or incidents	No significant potential impacts.

Environmental Impact Assessment (EIA) Pre-Screening

Establishing if the proposal is a 'sub-threshold development'

File Reference No:	ED26-60
Development Summary:	As per Planning Report
Was a Screening Determination carried out under Section 176A-C?:	☐ Yes – No further action required ☒ No – Proceed to Part A

Part A - Schedule 5 Part 1 - Does the development comprise a project listed in Schedule 5, Part 1, of the Planning and Development Regulations 2001 (as amended)? (Tick as appropriate)

☐ Yes – specify class:	EIA is mandatory No screening required
☒ No	Proceed to Part B

Part B - Schedule 5 Part 2 - Does the development comprise a project listed in Schedule 5, Part 2, of the Planning and Development Regulations 2001 (as amended) and does it meet/exceed the thresholds? (Tick as appropriate)

☒ No, the development is not a project listed in Schedule 5, Part 2	No screening required
☐ Yes, the project is listed in Schedule 5, Part 2 and meets/exceeds the threshold, specify class (including threshold):	EIA is mandatory No screening required
☐ Yes, the project is of a type listed but is <i>sub-threshold</i> :	Proceed to Part C

Part C – If yes, has Schedule 7A information/screening report been submitted?

☐ Yes, Schedule 7A information/screening report has been submitted by the applicant	Screening Determination required
☐ No, Schedule 7A information/screening report has not been submitted by the applicant	Preliminary Examination required

EIA Preliminary Examination:

The Planning Authority shall carry out a preliminary examination of, at the least, the nature, size or location of the development.

	Comment:	Yes/No/Uncertain:
Nature of the development: <i>Is the nature of the proposed development exceptional in the context of the existing environment?</i> <i>Will the development result in the</i>		

production of any significant waste, or result in significant emissions or pollutants?		
Size of the development: Is the size of the proposed development exceptional in the context of the existing environment? Are there cumulative considerations having regard to other existing and/or permitted projects?		
Location: Is the proposed development located on, in, adjoining or does it have the potential to impact on an ecologically sensitive site or location? Does the proposed development have the potential to affect other significant environmental sensitivities in the area?		
Preliminary Examination Conclusion:		
Based on a preliminary examination of the nature, size or location of the development. (Tick as appropriate)		
☐ There is no real likelihood of significant effects on the environment. EIA is not required.	☐ There is real likelihood of significant effects on the environment. An EIAR is required.	☐ There is significant and realistic doubt regarding the likelihood of significant effects on the environment. Request the applicant to submit the Information specified in Schedule 7A for the purposes of a screening determination. Proceed to Screening Determination.
Signature of Recommending Planner:		Date: 28/08/2026
