

Public Consultation Process

Initial Public Consultation Event

The purpose of the initial public consultation event was to:

- To provide information on the objectives of the Scheme
- Outline the Design and Statutory Processes
- Provide an opportunity to comment at a preliminary stage and obtain information relevant to the Scheme
- Gather information about environmental constraints, previous flood events and any issues related to flooding

Current Public Consultation Event

Current Stage

The purpose of this public consultation event is to:

- Present the Proposed Scheme for Leitrim Village
- Outline work undertaken on project since the initial public consultation
- Explain the public consultation process
- Provide opportunity for comment on the Proposed Scheme

Your opinion is invaluable in helping us to deliver the best possible Flood Relief Scheme for Leitrim Village. Members of the team are available via email, phone and letter if you wish to outline the issues which are important to you.

Questionnaire

A questionnaire is available for you to complete and return with your comments.

Contact details for the Project Team are listed in the Information Brochure and also at:

www.leitrim.ie/council/services/flood-management/leitrim-village-flood-relief-scheme

Next Steps in the Process

The Project Team will update and refine the Proposed Scheme based on feedback from the public and key stakeholders on foot of this Public Participation Event. The Scheme will be further developed. Environmental assessments will be carried out, and a planning application will be prepared for submission to An Bord Pleanála.
