

## Comhairle Chontae Liatroma Leitrim County Council

### Screening for Strategic Environmental Assessment (SEA) Determination under the Planning and Development Act 2000 (as amended) for: Proposed Material Alterations to the Carrick-on-Shannon Draft Local Area Plan 2025-2031

A Screening for Strategic Environmental Assessment (SEA) Determination is being made by Leitrim County Council regarding Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031. Section 20 (3) of the Planning and Development Act 2000, as amended, requires, inter alia, a determination to be made as to whether Proposed Material Alterations to the Draft Plan warrant the undertaking of SEA.

In carrying out this Screening for SEA, the Council is taking into account the following:

- Screening for SEA Report for Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031, including consideration of criteria set out in Schedule 2A 'Criteria for determining whether a plan is likely to have significant effects on the environment' of the SEA Regulations, as amended;
- Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031;
- Screening for Appropriate Assessment Report for Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031;
- SEA Environmental Report for the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031;
- Screening for Appropriate Assessment Report for the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031; and
- Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031.

The Screening for SEA Report for Proposed Material Alterations demonstrates that the Proposed Material Alterations will not result in likely significant environmental effects. Taking into account the measures that have been already integrated into the Draft Plan and the existing Leitrim and Roscommon County Development Plans that provide for and contribute towards environmental protection, environmental management and sustainable development, it is identified that all potential effects arising from most Proposed Material Alterations: either are present already (beneficial) and will be further contributed towards; or will be mitigated so as not to be significant (adverse). In addition, some amendments merely added clarifications or amended context setting text for Plan provisions and these will not result in significant environmental effects. Consequently, these Proposed Material Alterations do not require SEA.

The undersigned, having carefully considered the information referred to above agrees with and adopts the reasoning and conclusion presented above and in the Screening for SEA Report. The undersigned hereby determines pursuant to Section 20 (3) of the Planning and Development Act 2000, as amended, that SEA is not required for the Proposed Material Alterations.

**Signatory:**

Joseph Gilhooly, Chief Executive, Leitrim County Council

**Screening for Strategic Environmental Assessment (SEA) Determination  
under the Planning and Development Act 2000 (as amended) for:  
Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Plan 2025-2031**

A Screening for Strategic Environmental Assessment (SEA) Determination is being made by Roscommon County Council regarding Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Area Plan 2025-2031. Section 20 (3) of the Planning and Development Act 2000, as amended, requires, inter alia, a determination to be made as to whether Proposed Material Alterations to the Draft Plan warrant the undertaking of SEA.

In carrying out this Screening for SEA, the Council is taking into account the following:

- Screening for SEA Report for Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Plan 2025-2031, including consideration of criteria set out in Schedule 2A 'Criteria for determining whether a plan is likely to have significant effects on the environment' of the SEA Regulations, as amended;
- Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Plan 2025-2031;
- Screening for Appropriate Assessment Report for Proposed Material Alterations to the Carrick-on-Shannon Draft Joint Local Plan 2025-2031;
- SEA Environmental Report for the Carrick-on-Shannon Draft Joint Local Plan 2025-2031;
- Screening for Appropriate Assessment Report for the Carrick-on-Shannon Draft Joint Local Plan 2025-2031; and
- Carrick-on-Shannon Draft Joint Local Plan 2025-2031.

The Screening for SEA Report for Proposed Material Alterations demonstrates that the Proposed Material Alterations will not result in likely significant environmental effects. Taking into account the measures that have been already integrated into the Draft Plan and the existing Leitrim and Roscommon County Development Plans that provide for and contribute towards environmental protection, environmental management and sustainable development, it is identified that all potential effects arising from most Proposed Material Alterations: either are present already (beneficial) and will be further contributed towards; or will be mitigated so as not to be significant (adverse). In addition, some amendments merely added clarifications or amended context setting text for Plan provisions and these will not result in significant environmental effects. Consequently, these Proposed Material Alterations do not require SEA.

The undersigned, having carefully considered the information referred to above agrees with and adopts the reasoning and conclusion presented above and in the Screening for SEA Report. The undersigned hereby determines pursuant to Section 20 (3) of the Planning and Development Act 2000, as amended, that SEA is not required for the Proposed Material Alterations.
